

## **A Gift Website That Makes Fantasies Come True**

By Suzanne Aaronson

Cloud 9 is exactly where you'll be if you receive a present from this fabulous online company. More dream factory than mere gift store, Cloud 9 Living offers a collection of over 1,700 spectacular experiences—some of the once-in-a-lifetime genre—any of which will create an unforgettable memory to savor forever. From helicopter flights to fighter jet missions, a romantic dinner for two to a heart-racing drive in a stock car, Cloud 9's super-cool gifts don't need wrapping. You purchase an actual experience—the categories of choices run the gamut from air, action and adventure to body and soul, driving, culture, water, snow and championship golf vacations. Can't decide? Give an open-ended gift card so the lucky recipient can have fun choosing. All but two of the experiences (diving with great white sharks in Mexico and flying a MiG fighter jet in Russia) are in the US; most cost less than \$500 and more than half are under \$200—a perfect gift for anyone on your list.
